#### Profile

Position: VP, Senior Project Manager  
Base Salary: \$140-\$150K  
Bonus: 20-30%  
Location: Jersey City, NJ

#### Primary Responsibilities

1. Ensure on-time, on-budget delivery of key projects, inception through deployment (1 to 4 projects concurrently):
  - Develop and maintain detailed project and resource plans
  - Monitor and control project deliverables
  - Identify, track and resolve issues
  - Identify, track and mitigate project risks
  - Liaise with IT, business and operations groups in global locations
2. Prepare and conduct project steering committee and status meetings.
3. As part of the management team:
  - Evaluate and prioritize projects
  - Maintain consolidated project plans and resource requirements
  - Prepare and communicate consolidated project status to senior management
  - Manage cross-project dependencies and resources
  - Develop and maintain project management standards, procedures and tools
  - Develop, maintain and report on project hours and project expenses
  - Prepare annual project budgets and mid year forecasts

#### Candidate Requirements

- 6 or more years experience managing complex, multi-faceted projects.
- 4 or more years of experience managing accounting system projects within the financial services industry.
- Excellent written and oral communication and presentation skills.
- Strong mastery of Microsoft Office products (Project, PowerPoint, Word, Excel).
- 3 or more years experience working with software development frameworks.
- Preference:
  - 3 or more years of work experience with business analysis and/or application testing
  - Strong knowledge of accounting business processes including financial and management reporting (IAS and US GAAP), month-end closing process, regulatory reporting, entity consolidations and multi-currency accounting
  - Advanced degree in accounting or equivalent job experience
